RUSH

VISION

- **Be The Portal** for any sport on wheels.
- Skateboarding, BMX, Motorcross, Cars, Trucks, Bikes, etc

Overview

- **A 'peer-to-peer' shared app** to create an underground community and VIP Club for 18 and over
- **Starting with the off-road community** and **based around Mod Kids USA** current supporting and paying partners, RUSH plans to offer heavier than normal discounts and bundled contests to its members.
- **Brands** will in return get added **exposure** and **exclusive video + photo content** for their socials on their products.

Timeframe

Year 1: This portal will be free for its members as they will be more influencers. As their followers are invited and migrate to the app and the community grows, we plan to introduce a subscription model and more partners.

Year 2: The first amount of brand partners we feel will be between 10-15 and will be given exclusive category status in year 1 if agreeing to an option for a year 2

Investment

- **Year 1:** \$5,000 (in product, cash, or a mixture of both)
- **Year 2:** \$7,500 of product (in product, cash, or a mixture of both)
